Single Family on 0.00 Acres

Queen Mary Park, Edmonton, AB

Step into a home that's been loved, lived in, and thoughtfully updated over time. On a generous 47 x 150 ft lot (7,050 sq ft), this 4-bedroom, 3-bath home offers over 2,600 sq ft of finished space and the kind of backyard that rarely comes with city living. Picture mornings in the sun-filled kitchen with in-floor tile heat, coffee on the brick patio, and evenings around the fire pit. Raised planters overflow with perennials, and underground sprinklers keep it all lush with ease. Inside, the chef's kitchen has quartz counters built to last, and the engineered flooring in the living room adds warmth and durability. Downstairs, a bright basement with huge windows offers storage, laundry, and space to grow. The oversized 1.5 garage fits your truck, your gear, and has the power (60 amps!) for your next project. With a new furnace and A/C (2022), updated electrical, full elastomeric waterproofing, a refreshed mudroom, and more, this is a home that's ready to live in.
